

STTP on Introduction to Raspberry Pi

Learn, Build, and Explore with Raspberry Pi

Join our exciting **2-Day STTP on Raspberry Pi** and dive into the world of mini computers. Whether you're a beginner or an enthusiast, this STTP is perfect for you!

STTP Highlights:

1. **Hands-On Learning:** Get your hands on a Raspberry Pi and discover its incredible potential.
2. **Coding Adventures:** Learn Python, explore GPIO pins, and create your own projects.
3. **Electronics Exploration:** Connect sensors, LEDs, and more to build interactive gadgets.
4. **Networking Basics:** Set up your Raspberry Pi on the network like pro: means configuring your Raspberry Pi so that it can seamlessly connect to a local network (such as Wi-Fi or Ethernet) and communicate with other devices.

STTP Details

- **Duration:** 2 Days
- **Dates:** 22-23rd June 2024
- **Time:** 10:00 AM to 4:00 PM (IST)
- **Fee:** 1000-/- (Including GST)
- **Mode:** Offline

Who Should Attend

This STTP is ideal for:

- UG and PG Students in engineering and related fields.
- Recent graduates interested in Raspberry Pi development.
- Young professionals seeking to enhance their skills in Raspberry Pi programming.
