

**COURSE PROSPECTUS**

<b>Name of the Group:</b>	VLSI/ES/AE
<b>Name of the Course:</b>	Certificate course on <b>Python programming</b>
<b>Course Code:</b>	ST101
<b>Starting Date:</b>	23 <sup>rd</sup> March 2020
<b>Duration:</b>	80 Hrs
<b>Course Coordinator:</b>	Karthick Rajan. N
<b>Last date of Registration:</b>	20 <sup>th</sup> March 2020

**Preamble:**

Python is an easy to learn, powerful programming language. It has efficient high-level data structures and a simple but effective approach to object-oriented programming. Python's elegant syntax and dynamic typing, together with its interpreted nature, make it an ideal language for scripting and rapid application development in many areas on most platforms.

Python offers much more error checking than C, and, being a very-high-level language, it has high-level data types built in, such as List, Tuples and Dictionaries. Because of its more general data types, Python is applicable to a much larger problem domain than Awk or even Perl, yet many things are possible in Python.

Python allows you to split your program into modules that can be reused in other Python programs. It comes with a large collection of standard modules like file I/O, system calls, sockets, and even interfaces to graphical user interface toolkits like Tk. Python has been used in a lot of places like in creating games, for statistical data and visualization, speech and face recognition.

Python is an interpreted language, which can save our time during program development because no compilation and linking is necessary. The interpreter can be used interactively, which makes it easy to experiment with features of the language, to write throw-away programs, or to test functions during program development.

Python emerged as a leading programming language used in the Booming areas like Artificial Intelligence (AI), Internet of Things (IoT) and Data analytics. Currently available academic curriculum is not much enough to fulfil the requirement of Skills needed to program in Python language. Because of lack of hands-on experience among professionals, there is a huge demand in providing skill-based training in Python language which will bridge the skill-gap of the engineering graduates.

**Objective of the Course:**

To develop and skill the engineering graduates in acquiring Problem Solving abilities in Python Programming Language and make the students to become master in writing Python scripts.

**Outcome of the Course:** After successful completion of this Course, students can able to:

1. Able to write simple Python programs for Real-time problems.
2. Develop problem solving capability using python scripts.
3. Get exposed to Advanced Python Programming in creating GUI based applications.
4. Gained Hands on experience to design object-oriented programs with python classes.

**Course Structure:**

S.No	Topics	Duration(in Hrs.)
1	Introduction to Python Language and Pycharm IDE	05
2	Basic Syntax	05
3	Data types	10
4	Operators	5
5	Flow Control in Python	5
6	Functions, Modules& Packages	10
7	File I/O	5
8	Classes	10
9	Exception Handling	10
10	GUI Programming & Mini Project	15
	<b>Total</b>	<b>80</b>

**Other Details:**

**Course Fees: Rs.4, 500/- (Including GST)**

**Registration Fee : (Non-refundable) Rs.500/- (Including GST)**

However the above registration fee shall be refunded on few special cases as given below:

1. If course postponed and new date is not convenient for the student.
2. If course cancelled.

**Payment schedule:** The Fee is to paid in one instalment as given below.

Instalment No.	Last Date for Payment	Amount (in Rs.)
1.	20-03-2020	4,500/-

**Eligibility:** Pursuing & Graduates of B.E/B.Tech/MCA/B.Sc/M.Sc/B.Com

**Number of Seats: 30**

## How to apply:

Candidates can apply online in our website. <http://14.139.173.196/reg/> or download the Registration from our Website [www.nielit.gov.in/chennai](http://www.nielit.gov.in/chennai). After filling the form with all documents and fees, it can be submitted to NIELIT Chennai office in person or through post before starting of the course. Payment towards non-refundable Registration and Course fee can be paid through any one of the following modes:

- ✓ DD drawn from a nationalized bank (preferably SBI) in favour of “NIELIT Chennai” payable at Chennai.
  - ✓ Online transaction: Account No: 31185720641 Branch: Kottur (Chennai), IFS Code: SBIN0001669.
  - ✓ Pay through Nationalized Bank Debit Card (Service charges applicable)
- Note:* The Institute will not be responsible for any mistakes done by either the bank concerned or by the depositor while remitting the amount into our account.

**Last date of Registration:** 20<sup>th</sup> March 2020

**Selection of candidates:** Selection is based on the merit list.

## Admission Procedure:

All interested candidates are required to fill the Registration form with the fees (Registration and Course fees) on or before 20<sup>th</sup> March 2020 and report to NIELIT Chennai on 23<sup>rd</sup> March 2020 at 9:30 AM with all the necessary following documents.

- Original and self-attested Copies of Proof of Age, Qualifying Degree (Consolidated Mark sheet & Degree Certificate/Course Completion Certificate), etc.
- One passport size photograph and one stamp size photograph for identity card.
- Self-attested copy of Govt. issued photo ID card

*Note:* Working days are from Monday to Friday. Admission timings are from 9.00 am to 5.30 pm.

**Discontinuing the course:** No fees under any circumstances shall be refunded in case of a student discontinuing the course. No certificate shall be issued if discontinued.

**Course Timings:** 9:30 am to 5:30 pm (Monday to Friday)

**Location:** NIELIT Chennai is located at Gandhi Mandapam Road, Kotturpuram, Chennai (Landmark: Opp. To Anna Centenary Library)

# National Institute of Electronics and Information Technology, Chennai

**Address:** National Institute of Electronics and Information Technology Chennai Centre,  
ISTE Complex, No. 25, Gandhi Mandapam Road, Chennai – 600025  
E-mail: [training.chennai@nielit.gov.in](mailto:training.chennai@nielit.gov.in) / Phone: 044-24421445  
Contact Person: Karthick Rajan. N, Mobile: 9080298798

**Course enquiries:** Students can enquire about the various courses either on telephone or by personal contact between 9.15 A.M. to 5.15 P.M. (Lunch time 1.00 pm to 1.30 pm) Monday to Friday.

## Annexure

### Detailed Syllabus of the Course

#### 1. Introduction to Python Language and Pycharm IDE:

- ✓ About Python Language
- ✓ Companies using Python
- ✓ Features of Python
- ✓ Getting Started with Pycharm IDE

#### 2. Basic Syntax:

- ✓ First Python Program
- ✓ Identifiers
- ✓ Reserved Words
- ✓ Lines and Indentation
- ✓ Multi-Line Statements
- ✓ Quotation & Comments
- ✓ Command Line Arguments

#### 3. Data types:

- ✓ Variables
- ✓ Numbers
- ✓ String
- ✓ Lists
- ✓ Dictionaries
- ✓ Tuple
- ✓ Set

#### 4. Operators:

- ✓ Operator & its Types
  - Arithmetic Operators
  - Comparison (Relational) Operators
  - Assignment Operators
  - Logical Operators
  - Bitwise Operators
  - Membership Operators
  - Identity Operators

### 5. Flow Control in Python:

- ✓ Decision Making statements & Types
  - IF Statement
  - IF... ELSE... Statements
  - If...elif Statement
- ✓ Loop statements & Types
  - while loop statements
  - for loop statements
  - break statement
  - continue statement

### 6. Functions, Modules & Packages:

- ✓ Function definition and call
- ✓ Function Scope
- ✓ Arguments
- ✓ Pass by Reference
- ✓ Anonymous Functions
- ✓ The import Statement
- ✓ The from...import Statement
- ✓ Executing Modules as Scripts
- ✓ Locating Modules
- ✓ The PYTHONPATH Variable
- ✓ Namespaces and Scoping
- ✓ Package Creation and Importing

### 7. File I/O:

- ✓ Printing to the Screen
- ✓ Reading Keyboard Input
- ✓ Opening and Closing Files
- ✓ Reading and Writing Files
- ✓ Renaming and Deleting Files

### 8. Classes:

- ✓ Overview of OOP Terminology
- ✓ Creating Classes
- ✓ Creating Instance Objects
- ✓ Accessing Attributes
- ✓ Built-In Class Attributes
- ✓ Destroying Objects (Garbage Collection)
- ✓ Class Inheritance
- ✓ Overriding Methods

### 9. Exception Handling:

- ✓ Standard Exceptions
- ✓ Assertions in Python
- ✓ What is Exception?
- ✓ Handling an Exception
- ✓ Argument of an Exception
- ✓ Raising an Exception

**10. GUI Programming:**

- ✓ Introduction
- ✓ Tkinter Programming
- ✓ Terminologies Used In Tkinter
- ✓ Steps To Be Followed To Create A Gui Application Using Tkinter
- ✓ Tkinter Widgets
- ✓ Frame Widget
- ✓ Label Widget
- ✓ Button Widget
- ✓ Pack Layout Widget
- ✓ Fitting Widget In Pack Layout
- ✓ Grid Layout Widget
- ✓ Entry Widget
- ✓ Checkbutton Widget
- ✓ Menubutton Widget
- ✓ Menu Widget
