

NOTICE

The e-waste (Management and Handling) Rule 2016 has come into effect on October 1, 2016 replacing the earlier e-waste (Management and Handling) Rules, 2011. **For the first time the new e-waste rules will bring the producers under Extended Producer Responsibility (EPR). Further the role of state government has been also introduced to ensure safety, health and skill development of the workers involved in dismantling and recycling operations. Also, the rules have now been made more stringent with introduction of provision of penalty for violation of rules**

NIELIT Kolkata is organizing awareness programme (1/3/5 day duration) on e-waste management for Government Employees as per the following plan (**Level wise Training Syllabus is attached for reference**). The broad objective of this training is to make the government officials aware about e-waste, its hazards and management & disposal of e-waste in their department / division.
