**ERNET INDIA**

**AJITH R L**

**CERTIFIED EMBEDDED SOFTWARE ENGINEER**  
**COURSE COMPLETED: NOVEMBER 2022**

## Message

I am happy to say that I'm placed in Ernet India as a project engineer, and it happens because of NIELIT Chennai from where I have successfully completed Certified Embedded Software Engineer Program in online mode. It was such a wonderful opportunity to be a part of this program conducted by such great faculties, and in terms of online mode there is an availability of recorded session in their portal, and it's very much helpful in my preparation for interviews, and it's a completely industry related course. So we will get more confidence to face the technical interviews, Thanks to NIELIT Chennai For the great support for my successful future.

**Akash Gaikwad**

**CERTIFIED EMBEDDED SOFTWARE ENGINEER**  
**COURSE COMPLETED: NOVEMBER 2022**

## Message

NIELIT Chennai has various skill development courses, so according to my past experiences and to boost my career in the embedded domain I took the Certified Embedded Software Engineer Course. With these classes I have Gained knowledge about the importance and application of electronics with software in this era. I thank each and every staff members and coordinators and the management for providing me with good support throughout the course period.

**CERTIFIED EMBEDDED SOFTWARE ENGINEER**  
**COURSE COMPLETED: FEBRUARY 2023**

### **Message**

I would really like to thank NIELIT Chennai, faculties for their invaluable support and guidance throughout the coursework. Their mentorship not only helped me clear the interview but also enhanced my overall professional development. I am fortunate to have had someone as knowledgeable and supportive as them by my side during this process. The knowledge, skills, and practical experience I gained during the training program were instrumental in preparing me for the challenges of the professional world. The Certified Embedded Software Engineer Course provides thorough knowledge in the field of IoT and Automation. Their dedication and commitment made a significant difference in helping me secure a position which aligned with my career goals.
