PUBLIC NOTICE

NIELIT has made it mandatory for students registering for NSQF-aligned courses to provide their Automated Permanent Academic Account Registry (APAAR) ID. This enables the transfer of credits to the students' Academic Bank of Credits upon certification, where applicable. The APAAR ID is now a required field in the course registration form (exam cum registration form in case of Digital Literacy Courses) on the NIELIT Student Portal (<https://student.nielit.gov.in/>).

APAAR is a 12-digit unique identification system for all students in India, introduced under the 'One Nation, One Student ID' initiative of the Union government, in line with the National Education Policy 2020. It enables students to digitally store, manage, and access their academic records, including degrees, diplomas, certificates, training, and co-curricular achievements. The system integrates with DigiLocker for secure document storage and the Academic Bank of Credits for seamless verification and credit transfer.
