

CAUTION AGAINST FAKE DOEACC ACCREDITED INSTITUTIONS

(for the students, their parents and accredited institutions)

The DOEACC (Department of Electronics Accreditation of Computer Courses) Scheme, jointly developed by AICTE and DIT, was launched in 1990 with the objective of generating high quality man-power in the computer software and allied fields by utilizing the expertise and facilities available with various institutions in the non-formal sector. DOEACC Society is the only professional examination & accrediting body in India, which accredits Computer Courses at 'O', 'A', 'B' & 'C' Levels of institutes / organizations at specific location(s). List of such institutions / organizations authorized to conduct these courses at specific location(s) is available on the website of this Society.

As such, institutions / organizations, whose names at specific location(s) do not appear in the website of this Society, are declared to be "illegal & fake". Those institutions / organizations whose name(s) do not appear in the website of this Society & continue to declare themselves as accredited/approved institutions of this Society, will face legal action through respective District Administration.

As such, students, their parents, accredited institutions of DOEACC Society & public at large, are advised in their own interest, to take note of this notification.
