AGENDA ITEM 06: Proposal to Accord Interim Approval to 28 Qualifications of Construction Skill Development Council of India (CSDCI) and Re-Activation of 9 Archived Qualifications

13. Interim approval to 28 Revised Qualifications.

13.1. The Committee was apprised that NCVET had received 28 revised qualifications from CSDCI in June 2023 for extension of validity which would be expiring on 24th July 2023. To maintain continuity of the training and certification, it was proposed to grant interim approval to all 28 qualifications until 31st August 2023.

13.2. The Committee **accorded approval** for extension of validity to 28 qualifications till 31st August 2023 or till the revision of these qualifications whichever is earlier. The details of the Qualifications are attached as **Annexure IV**.

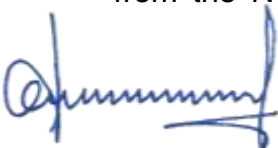

14. Reactivation of 09 Qualifications

14.1. The Committee was informed that the National Urban Livelihood Mission (NULM) of the Government of Madhya Pradesh and the Uttar Pradesh Skill Development Mission (UPSDM) of the Government of Uttar Pradesh had requested CSDCI to assess and certify around 8000 learners who had undergone training in 11 NSQF aligned and approved qualifications of CSDCI.

14.2. The Committee was further apprised that 09 out of 11 job roles were archived by the NCVET in the 16th NSQC held on 24 February 2022, while the remaining 02 qualifications being obsolete, were deactivated on request of the CSDCI. As the provision exists to re-activate the archived qualifications subject to the AB concerned justifying its need and requirements in the ecosystem, it was proposed to reactivate 09 NSQF aligned and approved qualifications for a period of six months or till the pending assessment and certifications are completed, whichever is earlier. The balance 02 job roles (**'Multi Skill Technician'** and **'Fabrication and Tack welder'**) were declared obsolete by CSDCI and hence may not be considered for re-activation.

14.3. The Committee observed that some of the states are selecting de-activated and archived qualifications from National Qualifications Register (NQR) and from Skill India Portal (SIP). Furthermore, the Awarding Bodies whose qualifications are being selected are not contacted while selecting the qualifications. They contact the concerned ABs only when the assessment of their qualifications are due which is contrary to the Guidelines/ Policies on the subject.

14.4. The Committee also directed the NCVET to issue an advisory to all the SSDMs and SCVTs, as applicable, regarding selection of only active qualifications from the NQR/SIP as also to follow prescribed norms to ensure that minimum

training standard is maintained in the VET and skilling ecosystem.

14.5. In the instant case, since UPSDM as well as NULM of Madhya Pradesh have not adhered to the prescribed norms the Committee, therefore, **did not approve the re-activation of these 9 qualifications**. The Committee reiterated that the earlier decisions for enrolling in archived/ de-activated qualifications for the training, may be followed in letter and spirit and also cautioned the recognized ABs to refrain from undertaking assessment of any such qualifications, either undertaken through Govt scheme or Funded program, if the training norms have not been adhered to by any such entities.

14.6. The Committee further decided that the concerned implementing bodies in respective states may submit the details of the qualifications along with the other NSQF parameters followed for the training in consultation with the CSDCI and bring before the NSQC for appropriate decision on the proposal for assessment of these de-activated qualifications.

AGENDA ITEM 07: Submission of Qualifications/ NOSs For NSQF Alignment

15. The Committee was given an account of 181 qualifications (151 New and 30 Revised), and 06 NOSs received till 29th April 2023 for NSQF alignment and approval as under:

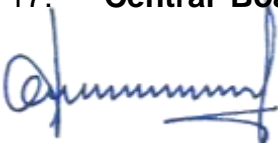

15.1. A total of **89 (60 New and 29 revised) out of 181 qualifications and 6 NOSs** were received from recognized ABs (Central Ministries/State Bodies/SSCs/Other Govt & Pvt Bodies). AGENDA ITEM 08: ADDITIONAL AGENDA WITH THE PERMISSION OF THE CHAIR

51. The Committee was informed that the qualification of '**Trainer-Persons with Disability (PwD)**' for bringing quality and sensitivity in training of PwD was earlier approved in November 2020 as a 'Top Up' qualification over and above the trainer

qualification approved by the Domain SSC. The validity of the said qualification is expiring on 30.06.2023. In order to ensure continuity of the training and certification, the SCPwD has requested extension of validity for the qualification.

52. The committee accorded **'in principle' approval till 31st August 2023** or till the revision of the qualification to avoid disruption in the PwD training ecosystem. The qualifications may be placed for ratification in the next NSQC after detailed scrutiny.

53. The Committee was briefed that in the Meetings of 16th, 20th & 21st NSQCs held on 24th Feb, 30th June and 28th July 2022 all the recognized Awarding Bodies (AB) were advised to rationalize their existing NSQF aligned and approved qualifications in the multiples of 30 and include the Employability Skills (ES) in order to align with the National Credit Framework so that every learning hour is credited as per the provisions of NCrF. Subsequently, Telecom SSC and Healthcare SSC has rationalized their 49 and 44 qualifications respectively.

The Committee took note of the above and ratified the same.

54. The Committee further instructed all the NCVET recognized ABs to upload their TOT & TOA calendars on the SIP portal and on their respective websites in the next 15 days i.e., till 8th July 2023. This would help address the challenge of shortage of trainers/ assessors in the skill ecosystem.

55. The Committee also suggested all the ABs to tie-up with the MSDE & DGT run Government Training Centers for implementing their TOT & TOA programs as these government organizations have better infrastructure, manpower resources, training systems, institutional capacities and deeper reach in the Vocational Education, Training and Skilling ecosystem.

Submission of Duplicate Qualifications for NSQF Alignment & Approval by Awarding Bodies

56. It was brought to the notice of the Committee that some of the ABs pick up the NOSs from the existing NSQF aligned and approved Qualifications by making some cosmetic or insignificant changes (less than 20%) and submit to the NCVET as their newly developed qualifications. This is contrary to the Guidelines issued by NCVET on Adoption of Qualifications by Awarding Bodies. Such action not only leads to duplication of the qualification on NQR but also may mislead and confuse the learners and training institutes while selecting a qualification.

57. The Committee deliberated on the point raised by some of the recognized Awarding bodies and decided that a committee be constituted to analyze and address the concern raised in this meeting and during the various stakeholders' meetings and submit the recommendations at the earliest in true interest of VET & genuine skilling in the ecosystem.

The Meeting ended with a Vote of Thanks to the Chair.
