3. AGENDA ITEM 03: PROPOSAL OF THE DIRECTORATE GENERAL OF TRAINING (DGT) FOR RATIONALISATION/ ALIGNMENT TO NCRF/ NSQF LEVEL IN RESPECT OF 95 CRAFTSMAN TRAINING SCHEME (CTS) QUALIFICATIONS

3.1. During the 16th NSQC meeting on February 24, 2022, the Committee granted an "in-principle" approval to the Directorate General of Training (DGT) for restructuring and rationalizing CTS and CITS Qualifications. The directive required all CTS/CITS Qualifications to be revised from 1600 hours to 1200 hours, include a mandatory 150 hours of On-the-Job Training (OJT) or Group Projects, with an optional additional training of up to 240 hours in short-term courses, including language subjects. DGT subsequently restructured their 150 CTS Qualifications and submitted them to the NCVET, committing in writing to adhere to the guidelines set forth in the 16th NSQC

meeting. These qualifications were approved "On File" and ratified in the 22nd NSQC meeting held on August 25, 2022.

3.2. The Committee was apprised that following the adoption of the National Credit Framework (NCrF) in the VETS ecosystem and the notification of the revised NSQF, a review of these CTS Qualifications was conducted. It was found that the NSQF levels for 95 of these qualifications did not align with the levels prescribed in the NCrF/NSQF. As a result, the DGT was requested to review and update these qualifications in accordance with NCrF/NSQF guidelines and resubmit them to the NCVET for approval by the NSQC.

3.3. The Committee was further apprised that accordingly a proposal from the DGT has been received, indicating that the levels of 95 CTS Qualifications need to be rationalized and aligned with NCrF and NSQF. DGT has requested approval from the NCVET for the revised levels, as all CTS qualifications are valid until August 2025. Further DGT plan to submit the revised syllabus and qualification files in the new format, adhering to the updated NCrF/NSQF levels during this revision process. Moreover, DGT has also submitted a tentative plan for the revision of all 150 CTS Qualifications. According to this plan, the updated qualifications will be submitted in a phased manner, starting from September 2024.

3.4. *The Committee took note of the status and approved the agenda.*

4. AGENDA ITEM 04: PROPOSAL OF THE DIRECTORATE GENERAL OF TRAINING (DGT) SEEKING RELAXATION FOR ENTRY QUALIFICATIONS IN CRAFT INSTRUCTOR TRAINING SCHEME (CITS) COURSES

4.1. During the 16th NSQC meeting on 24.02.2022, an "in-principle" approval was granted for the restructuring and rationalization of CITS and CTS courses proposed by the DGT. Subsequently, the DGT revised all CITS courses, reducing the duration from 1600 hours to 1200 hours, including trade theory, practicals (with WCS and ED for engineering trades, soft skills for non-engineering trades), training methodology, and a mandatory 150 hours of OJT/Group Project. An option for additional training of up to 240 hours on short-term courses, including language subjects, is available. The NSQC approved these changes for 55 CITS courses at its 31st meeting on 31st August 2023. The NSQF level for all CITS courses is set at Level 5, with entry criteria requiring appropriate experience: one year after a 2-year CTS or two years after a 1-year CTS.

4.2. The Committee was informed that after detailed discussions, it was decided to review the NSQF levels for CITS courses. It was decided to exclude the one/two-year experience requirement from the entry criteria and instead bring down the NSQF level

of CITS to three different NSQF levels—3.5, 4, and 4.5 considering the difficulty faced by the CITS aspirants based on the entry qualifications of CTS courses (8th + CTS, 10th + 1 Yr CTS, or 10th + 2 Yrs CTS). Accordingly, the DGT submitted a revised proposal with modified NSQF levels. The details are as given below;

Sl. No.	Entry into CTS	Duration of CTS Course	CTS NSQF Level	Add-on mandatory criteria for CITS admissions	Duration of CITS course	NSQF Level after CITS
1.	8 th Pass	1-year	2.5	Class 10 th (NSQF-3)	1-year (1200+240+150 hours)	3.5
2.	8 th Pass	2-year	3			
3.	10 th Pass	1-year	3.5			4
4.	10 th Pass	2-year	4			4.5

4.3. The Committee was apprised that the revised proposal from the Directorate General of Training (DGT) aligns with NSQF/NCrF standards and aims to address issues of low admissions and candidate hardships for CITS courses. The Chairperson of NCVET had approved the proposal, with the condition that the DGT prioritize revising the CITS courses for implementation in the upcoming session starting in September 2024. Additionally, the DGT is tasked with developing progression pathways for candidates to advance from lower to higher CITS levels, consistent with NCrF provisions.

4.4. The Committee took note of the status and ratified the agenda. The Committee further emphasized that DGT must complete the revision of the CITS courses for implementation before upcoming session starting in September 2024.

12. AGENDA ITEM 12: EXTENSION OF VALIDITY OF TWO QUALIFICATIONS OF WATER MANAGEMENT & PLUMBING SKILL COUNCIL (WMPSC)

12.1. The Committee was informed that WMPSC requested for an extension of validity for the qualifications **Plumber General (PSC/Q0104)** pegged at NSQF Level 3 with 360 Notional Hours and **Assistant Plumber General (PSC/Q0102)** pegged at NSQF Level 4 with 450 Notional Hours via email on 08/07/2024, as they expired on 27th May 2024. The justification provided by WMPSC for not submitting the qualifications for revision before their expiry was deemed unsatisfactory. However, NCVET found that these qualifications are critical for various government schemes, including the Pradhan Mantri Kaushal Vikas Yojana (PMKVY), Corporate Social Responsibility (CSR) trainings, and state-led initiatives like the Uttar Pradesh Skill Development Mission (UPSDM), Himachal Pradesh Kaushal Vikas Nigam (HPKVN), Andhra Pradesh State Skill Development Corporation (APSSDC), and Assam Skill Development Mission (ASDM). Extending their validity is essential for WMPSC to continue providing necessary training, supporting these crucial programs.

12.2. The Committee was apprised that, given the above considerations, the validity of both qualifications may be extended for an additional period of six months from the date of expiry, i.e., until **27th November 2024**. This extension will provide WMPSC the necessary time to submit the revised qualifications for NSQC approval.

- 12.3. The Committee approved the agenda. The Committee emphasized that no future extensions for qualification validity will be permitted. It was emphasized that action on qualifications pending revision and should be addressed promptly prior to their expiry date on the National Qualifications Register (NQR).**
- 12.4. The Committee further suggested that a mechanism to identify the qualifications nearing expiration and suitably taking the necessary action for renewal be developed and followed by all ABs.**
- 13. AGENDA ITEM 13: EXTENSION OF VALIDITY OF ONE (01) QUALIFICATION OF SECTOR SKILL COUNCIL FOR FOOD PROCESSING (FICSI)**
- 13.1.** The Committee was apprised that a qualification from the Sector Skill Council for Food Processing (FICSI) namely "**Jam, Jelly and Ketchup Processing Technician**" (NQR CODE-2022/FI/FICSI/06690) pegged at NSQF Level 3 with 300 Notional Hours was approved in the 10th NSQC Meeting on 29th July 2021, with its validity expiring on July 29, 2024, and due for revision. FICSI reported they were in the process of revising and rationalizing this qualification to include electives. However, the qualification was still being implemented under various government schemes, including PMKVY, PMKUVA 2022, and the DDUGKY program, across several states such as Assam, Uttar Pradesh, Tamil Nadu, Meghalaya, Manipur, West Bengal, and Uttarakhand. As a result, FICSI requested a three-month extension to ensure the continuation of existing training and further certifications by providing the details of training conducted over the past three years (2125), along with pending assessments for ongoing batches (419).
- 13.2.** The Committee was further informed that, in light of the request and justification provided, the mentioned qualification was granted a one-time extension of validity until **29th October 2024**. It was advised that the AB should ensure no new enrollments occur and that this extension is solely for completing assessments and certifications of already enrolled batches. The qualification would be archived after the validity period ends on 29th October 2024.
- 13.3. The Committee took note of the status and directed that the revised qualification be submitted at the earliest and granted a three-month extension for the ongoing batch.**
- 13.4. The Committee further directed that ABs/SSCs maintain a vigilant watch on qualification structures and undertake necessary rationalization processes, and no further extensions will be considered thereof.**

14. AGENDA ITEM 14: APPROVAL OF CERTIFICATION MECHANISM FOR INDIASKILLS COMPETITION 2024

14.1. The Committee was apprised that, as per Order No. 32001/06/2023/NCVET dated 26.01.2024, the skills showcased in the IndiaSkills Competitions 2024 were meticulously aligned with the National Skills Qualification Framework (NSQF). The IndiaSkills competition was made more aspirational, allowing participants to earn NSQF-aligned certificates and credits as per the NCrF, thereby creditising their learning outcomes.

14.2. The Committee was further apprised that the IndiaSkills2024 competition concluded at District, State, and National levels, with skill competitors assessed at multiple stages. It was observed that there was a significant variation in the marks obtained across various trades, with scores ranging from 0.54 to 99.67, according to the NSDC portal database. As a result, various stakeholders requested that NCVET suggest a mechanism for ascertaining successful assessment and certification for candidates.

14.3. The Committee was further apprised that a meeting was held on 21st June 2024 between NCVET, NSDC, and Awarding Bodies to discuss the certification and credit issuance mechanism. NSDC noted that due to time constraints, the Pre-national competitions were not conducted, and candidates from the State competitions directly participated in the National competition. It was decided that participants who showcased high competency levels at the National, State, and District levels would receive certification and credits based on their assessments. The successful clearing of assessments at preceding levels would form the basis for issuing certificates and credits. The certificate and credit allocation mechanism agreed upon during the meeting was outlined as follows:

S. No	Stage	Assessment	Certificate Type	Credits published on the certificate
1	District level	Successful assessment at screening level	District level certificate	2
2	State Level	Successful assessment at District level	State level certificate	5
3	National Level	Successful assessment at the State level	National level certificate	17

- 14.4.** The Committee was further apprised that NSDC would make provisions on the SIDH portal for the issuance of such certificates. Additionally, NCVET will issue a Standard Operating Procedure (SOP) for the assessment, certification, and creditisation of subsequent India Skills competitions, in consultation with MSDE, NSDC, Awarding Bodies, and other stakeholders.
- 14.5. *The Committee took note of the status and approved the agenda.***
- 15. AGENDA ITEM 15: APPLICABILITY OF NOTIONAL HOURS OF EMPLOYABILITY SKILLS (ES) FOR NSQF ALIGNED AND APPROVED QUALIFICATIONS OF THE SKILL COUNCIL FOR PERSONS WITH DISABILITY (SCPWD)**
- 15.1.** The Committee was apprised that NSQC in its 20th Meeting held on 30th June 2022 had approved Employability Skills (ES) NOS and further instructed all Awarding Bodies to include ES as mandatory component in all NSQF aligned and approved qualifications.
- 15.2.** To accommodate the ES NOS requirement for various NSQF levels, 4 variants of ES NOSs, i.e., 30Hrs, 60Hrs, 90Hrs and 120Hrs have been developed and approved by the NSQC. Accordingly, all the existing NSQF aligned qualifications are being rationalized for inclusion of an appropriate ES NOS.
- 15.3.** Further, to address the unique needs of Divyangjans, Department of Empowerment of Persons with Disabilities (DEPwD) along with SCPwD has developed a customized 70 Hour ES Module, instead of the existing 60 Hour ES Module for inclusion in all NSQF aligned qualifications developed for PwDs to cater to their specific expository based requirement and ensuring better outreach and accessibility. NSQC, in its 37th Meeting held on 30th April 2024, approved the said ES NOS or 70-Hour Employability Skills (ES) submitted by Skill Council for Persons with Disability (SCPwD). The Committee had also approved the inclusion of this NOS in all NSQF-aligned qualifications pertaining to the Persons with Disability (PwD) sector.
- 15.4.** Replacement of this 70 Hour NOS with the ES NOS existing in the earlier qualification would result in modification of total notional hours of the qualification. The details of all qualifications with modified notional hours are placed as Annexure III Based on the above, SCPwD may be allowed to carry out changes in their existing qualifications without changing the version and submit the same to NCVET for approval at the Director's level. This 70-Hour ES module will carry the credit equivalence of a 60-Hour Module, i.e., 2 Credits since the additional hours only caters to the specific requirement of Persons with Disabilities.

15.5. The Committee was further apprised that once the verification and approval are completed, the list of qualifications will be brought before the NSQC for information and ratification.

15.6. *The Committee took note of the status and approved the agenda.*

16. AGENDA ITEM 16: ADOPTION OF NSQF ALIGNED QUALIFICATIONS BY INDIAN DEFENCE FORCES

16.1. The Committee was apprised that during the 31st Meeting of the NSQC, it was discussed that a considerable number of NSQF-aligned and approved qualifications are common and applicable across Defence Forces, with or without minor modifications. Therefore, Defence Awarding Bodies may adopt such qualifications as per the NCVET Guidelines for Adoption of Qualifications by Awarding Bodies. However, for better coordination, record-keeping, and effective execution & implementation, it was decided on the request proposed by Indian Army Awarding Bodies be sent to Army Training Command (ARTRAC) that a consolidated list of all such qualifications proposed for adoption by the ARTRAC.

16.2. The Committee was further apprised that a consolidated list, duly vetted by ARTRAC, would then be placed before NSQC for grant of approval.
